

ACTION PLAN

1. Curricular Aspects

- Regular revision of the curriculum in collaboration with affiliating universities and governing bodies.
- Organize workshops/seminars to update faculty on new teaching methodologies.
- Strengthen internship and practicum activities by collaborating with more schools.
- Introduce add-on certificate courses for skill enhancement (e.g., ICT in Teaching, Special Education).

2. Teaching-Learning & Evaluation

- Implement innovative teaching-learning strategies (e.g., flipped classrooms, blended learning).
- Conduct faculty development programs on pedagogy, ICT integration, and assessment techniques.
- Strengthen mentorship programs for personalized guidance and support for students.
- Enhance evaluation methods by integrating continuous assessment and peer-reviewed assignments.

3. Research, Innovations & Extension

- Encourage faculty and students to undertake action research and publish findings.
- Organize research methodology workshops for faculty and students.
- Establish collaboration with other institutions for joint research and exchange programs.
- Conduct community outreach programs focusing on literacy, special education, and environmental awareness.

4. Infrastructure & Learning Resources

- Upgrade classroom facilities with smart boards and interactive learning tools.
- Strengthen library resources with updated books, journals, and digital access.
- Develop well-equipped language and psychology labs for better training.
- Enhance ICT infrastructure for online learning and management systems.

5. Student Support & Progression

- Establish career counselling and placement cells to assist students in job placements.

- Organize personality development and soft skills training programs.
- Provide financial support and scholarships for deserving students.
- Strengthen alumni network and engagement through interactive sessions and mentorship programs.

6. Governance, Leadership & Management

- Conduct regular IQAC meetings for continuous quality enhancement initiatives.
- Establish a feedback mechanism for students, faculty, and stakeholders for institutional improvement.
- Promote participatory governance involving faculty, students, and management in decision-making.
- Organize leadership training programs for faculty and administrative staff.

7. Institutional Values & Best Practices

- Promote gender equity, inclusivity, and environmental sustainability within the campus.
- Conduct awareness programs on ethics, professional standards, and responsible citizenship.
- Implement green initiatives such as waste management, tree plantations, and paperless administration.
- Develop and document best teaching-learning practices for wider dissemination.

8. Monitoring & Evaluation

- Conduct periodic academic and administrative audits.
- Review the effectiveness of teaching-learning methods and modify accordingly.
- Ensure proper documentation of all IQAC initiatives and submit an Annual Quality Assurance Report (AQAR).
- Organize annual review meetings to assess the progress of action plans
